

Philippe Desplat, D.O. and Jeanette Biller, D.O., display the Candela GentleYAG™ laser system

Valley Health Medical Group Introduces Our New State of the Art Laser System

The Candela GentleYAG™ is considered the most comfortable and effective hair, line and wrinkle removal treatment on the market.

This new laser permanently removes hair from any part of the body, reduces wrinkles and fine lines from the face and permanently removes spider veins. It is safe and effective for all skin types including fair, olive and dark skin.
