

You Are Invited to a Virtual Town Hall
Pediatric Specialty Care Services for Your Children: In-Person and Telehealth Options for Care

Join Dr. J. Antonio Quiros, MD, DHA, FAAP, Associate Chair, Women and Children's Services, and Angela Spinella, BS, MHA, practice manager, Valley Medical Group Pediatric Subspecialties, for a virtual Town Hall Meeting.

Learn how Valley Medical Group's Department of Pediatric Subspecialties is working to safely open their medical practices for you and your children, as well as telehealth options for care.

Dr. Quiros, who also serves as Clinical Professor of Pediatrics, Division of Pediatric Gastroenterology and Nutrition, Mount Sinai Kravis Children's Hospital, and Ms. Spinella will provide:

- An update on the status of COVID-19 testing and regional data.
- A review of the current model for healthcare delivery and planned options for telehealth services.
- A discussion of best practices to get the most out of your telemedicine visit. (This will be helpful for patients of all ages.)
- An update on Valley's in-person office plan and a video demonstrating new clinic procedures and patient flow.

The Town Hall will conclude with an interactive question and answer period.

The Town Hall sessions will be held at 5 p.m. on three consecutive Thursdays: May 21, 28 and June 4. You can join the Town Hall online via Microsoft Teams at:

Thursday, May 21
