Ridgewood, NJ 07450-2736

RE: Program #2840

Dear Ms. Schild:

Thank you for submitting the application for transfer of sponsorship of the radiography program sponsored by The Valley Hospital - Ridgewood Campus to The Valley Hospital - Paramus Campus. As previously advised, a transfer of sponsorship requires a fee of \$1,800.00. An invoice will be emailed to your attention; the fee must be submitted no later than **June 24, 2025**. The JRCERT Board of Directors will consider the transfer of sponsorship in the near future.

You indicate in your email correspondence of June 5, 2025 that the program will utilize The Valley Hospital - Ridgewood Campus classroom. Please be advised that the program cannot teach more than 50% of the didactic component of the curriculum at this location. Should you teach more than 50% at the Ridgewood location, this would be considered an additional location. The JRCERT does not recognize additional locations, and as such this location would require a separate accreditation award.

If I can be of further assistance, do not hesitate to contact me.

Sincerely,

Ms. Leslie F. Winter, M.S., R.T.(R)
Chief Executive Officer

LFW/am
