

Mandatory Vaccine Policy

Policy Number: 1-18 Mandatory Employee / Student COVID-19 Vaccination Policy

1. VACCINATION REQUIREMENTS AND ADMINISTRATION

Consistent with the CDC's guidance and other applicable public health guidance, and as an integral part of its public health and safety measures, VHS requires that all employees/students of all Valley Health System entities be vaccinated against COVID-19, including boosters if eligible, and seasonal Influenza.

2. PROOF OF VACCINATION

If an employee/student has already received an Influenza or COVID-19 vaccine from another health care provider, the employee/student must provide written proof of vaccination from the vaccine administrator or a CDC-issued vaccination card, which includes the vaccination place, date(s), and name to Employee Health. It is a requirement that employees/student submit proof prior to the established deadline for each vaccine requirement.
